

Advisory Committee Handbook Academic Year 2023-2024

FOREWARD

Today's rapidly changing society requires educational institutions and the communities they serve to work closely together, especially in Career Education Programs. Career Education is an organized system of programs that are directly related to preparation, upgrading, or retraining for careers requiring something other than a baccalaureate or advanced degree.

Excellence in Career Education is the goal of instructors and administrators at Santa Rosa Junior College (SRJC). It is vital that we align our programs with the needs of our industry partners. Volunteering as advisory committee members brings employers and educators together to provide a format for sharing information and ideas.

Program advisory committees are organized to provide advice and assistance to the instructors and administrators of specific Career Education programs. To ensure that students learn the most current skills, industry partners are an integral part of recommending, designing, and updating curriculum and technology. We are committed to diversity, equity, and inclusion in the representation of programs. In support of the SRJC Strategic Plan, we aspire to be an inclusive, diverse, and sustainable learning community that engages the whole person. To ensure that our Career Education programs represent our broader community, we are committed to diversification and inclusivity of our program advisory committee membership through outreach within our current committees and the broader Sonoma County community that employs our students.

WHAT IS AN ADVISORY COMMITTEE?

A Career Education advisory committee is a representative group of industry partners whose experience, abilities, and diversity represent a cross-section of a particular occupational area or discipline. Advisory committee processes and communications are expected to be transparent, collaborative, and open to the public.

The primary purpose of the local Career Education advisory committee is to assist and provide recommendations to the college in establishing, operating, and evaluating programs which serve the needs of students, community, business and industry, and to provide expertise pertaining to technological and subject matter needs and changes.

Advisory Committees are needed to:

- Provide an opportunity for discussion among educators and industry
- Focus on how to improve Career Education opportunities
- Improve the alignment between Career Education and industry needs
- Provide expertise to the program by reviewing curriculum, technology, facilities, budget, student competency, and student placement in related occupations

Requirements:

- Local schools and institutions that operate Career Education programs and receive state and federal funds are required by the Carl D. Perkins Career and Technical Education Act (CTEA) to establish and operate Program Advisory Committees
- Each Career Education program advisory committee is required to meet, with quorum, a minimum of once per academic year

Responsibilities:

- Attend and participate in all meetings
- Suggest and develop agenda items

- Develop program goals and objectives
- Review, analyze, and provide recommendations for program improvement
- Promote Career Education programs and student employment
- Respect the rights and opinions of other committee members
- Assist with the following activities:

Curriculum Development:

- Review curriculum materials for learning outcomes, content, and scope
- Identify competency levels and performance standards
- Identify employability skills
- Review instructional materials, technology, and facilities

Public Relations:

- Assist in obtaining effective media coverage
- Be visible in support of programs during public and special events
- Recommend technical resource personnel
- Provide classroom speakers from business and industry or provide tours and field trip experiences
- Secure additional funding and donations for materials and equipment

Job Placement:

- Assist students with cooperative workforce training opportunities and internships
- Communicate potential job openings
- Assist job developers in development of employment opportunities and support continued employment for students
- Provide information and data related to employment demands, trends, and needs

Recruiting:

- Assist in recruiting part-time and full-time instructors and volunteers
- Assist in recruiting new students and incumbent employee trainees
- Assist in recruiting new advisory committee members and technical resource personnel

Program Evaluation:

- Review goals, learning objectives, topics and scope of the Career Education course/program
- Examine learning outcomes relating to competency and quality of graduates and job placement
- Participate in program evaluation teams
- Assure that programs are current, up-to-date, and meet the needs of the industry

MEMBERSHIP

The membership of each committee needs to be large enough to be representative of the discipline and be able to function effectively and efficiently. There is no fixed number of members that will satisfy all situations. Generally, a membership between 5 and 7 industry partners representing all aspects of the discipline is optimal. You may find it necessary to invite technical experts to your meetings to assist membership in discussing their expertise.

If a department chooses to have one advisory committee that represents multiple disciplines within that department, each discipline should have members serving on the committee. For example, if the Agriculture/Natural Resources department has one advisory committee, membership should reflect

representation from Animal & Equine Science, Floral Design, Horticulture, Natural Resources, Sustainable Agriculture, Veterinary Technician, Viticulture, and Wine Studies. The membership list provided to the Career Education office will include which discipline that member is representing.

Diversity, Equity & Inclusion: ideas for how to increase diversity, equity, and inclusion:

- Outreach to current employers that hire our students
- Outreach within the current advisory committee membership
- Outreach through the Workforce Development Board and professional associations affiliated with the industry
- Outreach to the Chambers of Commerce, Hispanic Chambers of Commerce, local foundations
- Outreach to appropriate local union and non-union trade associations

 For further assistance, places contact the Corner Education office: Rachal Smith remit

For further assistance, please contact the Career Education office: Rachel Smith rsmith@santarosa.edu; Brad Davis bdavis@santarosa.edu

The advisory committee membership list is submitted to the Board of Trustees for approval at its September board meeting. This is the official list for the academic year and is used to determine quorum for your 2023-2024 meetings. A quorum is 50% of the official membership + 1. <u>A quorum must be present in order for a meeting to be official and to conduct business.</u> Proxy voting will be allowed with confirmation of the proxy shown in the minutes of the meeting.

To avoid potential conflicts of interest, committee membership shall be non-instructional representatives of the community, business, and industry. If it becomes necessary to use part-time instructional faculty as committee members, said members shall recuse themselves from any vote that creates a potential conflict of interest for that person or action item.

Committee members shall have recent related experience to the program of study, be committed to attend all meetings, and be available to serve their full term and have an interest and commitment in the education of students. Current and former students now employed in the field or as required by external licensing/accrediting organizations, may also be appointed to the advisory committee.

A chairperson for the advisory committee will be selected from the business and industry membership. The committee chairperson is responsible for facilitating the meeting and, in collaboration with the department chairperson or program coordinator, preparing the agenda and minutes.

MEETINGS

The department chairperson or program coordinator, in collaboration with the committee chair, will be responsible for developing a schedule of meetings for the academic year. Each committee is required to meet at least once per academic year, with quorum, with a preference of meeting once in the fall semester and once in the spring semester.

The Career Education office will fund lunch for Board of Trustees-approved committee members when meetings are held in-person, at a maximum cost of \$200.00 per meeting. Meetings held at the Santa Rosa campus must give catering right to first refusal to Fresh & Natural (see order form Appendix D) and it is strongly suggested that the first contact with Fresh & Natural be at least one month prior to the meeting. Catering requests for off-campus meeting locations must be submitted to the Career Education office (rsmith@santarosa.edu) no less than one week prior to the meeting.

Best Practices show that at least one advisory meeting per academic year should be hosted at an industry partner site. Meeting on campus is preferable when reviewing or discussing facilities, equipment, or technology. Meetings may include an option for attendance via web conferencing technology (conference calls, Skype, Zoom, etc.).

Meetings are open to all interested faculty, staff, administrators, college officials, educational partners and general public. The following is a list of stakeholders that should be invited to all advisory committee meetings and sent any save-the-date information:

College Community

- Director of Workforce Development (Rachel Smith rsmith@santarosa.edu)
- Dean of Career Education (Brad Davis <u>bdavis@santarosa.edu</u>)
- Dean of cluster
- Department Chair, instructional faculty (full- and part-time), and instructional support staff
- Workforce Development representative (Work Experience kkinahan@santarosa.edu / Internship llarsen@santarosa.edu / Job Developer amansfield2@santarosa.edu and mrhodes@santarosa.edu)
- Schools Relations and Outreach Coordinator
- Counseling department Chair or designated representative
- Office of Institutional Effectiveness, Research and Planning designated representative

Educational partners

- Sonoma County High School representatives
- 4-year institutions representatives
- Related/interested education organizations
- Grant partners

AGENDAS & MINUTES

The agenda must be posted at least 72 hours prior to the meeting, as required by the Brown Act, and submitted to the Career Education office (<u>rsmith@santarosa.edu</u>)

The department Chair or program coordinator will be responsible for obtaining minutes of each meeting. Minutes must be submitted to the Career Education office (rsmith@santarosa.edu) within two weeks following the meeting along with all invoices/receipts for food.

Minutes should contain the following:

- Members in attendance
- Members not present
- Proxies in attendance noting who they are representing
- Invited guests
- SRJC faculty, staff, and administrators
- Review of the agenda items discussed
- Action items and outcomes
- Record of all recommendations

APPENDIX A - SAMPLE OF MEETING NOTICE

"SAVE THE DATE"

Dear Advisory Member,

This email is to request that you **SAVE THE DATE** for the next (*Identify Program*) Advisory Committee Meeting

The (*Identify Program*) Advisory Committee is scheduled to meet on (*date and time*) at (*location*). An agenda, parking permit, and directions will follow. If you have any questions or comments, please contact me.

Thank you.

MEETING INVITATION (include PARKING PERMIT, MAP, AGENDA)

Dear Advisory Member,

We appreciate your ongoing support of our program. The (*Identify Program*) Advisory Committee Meeting will be held on (*date and time*) at (*location*). Attached please find the minutes of the last meeting, agenda, parking permit and map.

Please RSVP by *(insert date)* so that we can have an accurate count for determining quorum. If you have any questions or comments, please contact me.

Thank you.

APPENDIX B – TEMPLATE FOR AGENDA

Posted at least 72 hours prior to the meeting ~ please also submit to the Career Education office

(Identify Program) Advisory Committee Meeting

Date ~ Time (Lunch Included) Location

Purpose: (Example)

The primary purpose of the local program advisory committee is to assist and provide recommendations to the district in establishing, operating, and evaluating programs which serve the needs of students, business and industry, and to provide expertise pertaining to technological and subject matter changes.

Objectives: (Example)

- to provide an opportunity for discussion among educators, business and industry
- to focus on how to improve Career Education (CE) opportunities
- to strive to improve the alignment between CE, business and industry
- to provide expertise to the program by reviewing curriculum, technology, facilities, budget, student competency, and student placement in related occupations
